

Cheetar Sheeter

Vehicle Polish & Rinse Additive

CHEETER SHEETER is a water soluble vehicle polish and rinse additive used in the rinse cycle of automatic fleet wash systems. **CHEETER SHEETER**, is very effective in leaving a shiny finish on the vehicle and helping the water to sheet off which allows for fast, spot-free drying.

BENEFITS: **CHEETER SHEETER** will not harm vehicle finishes. Harmless to glass, rubber, chrome, and aluminum. Very high flash point. **CHEETER SHEETER** speeds drying of the vehicles and helps the vehicles to dry spot-free, leaving a shiny finish. Improves vehicle appearance.

DIRECTIONS: High dilution ratio of **CHEETER SHEETER** makes it very economical to use. Pre-dilute 10 gallons with 55 gallons water. Meter this solution at the rate of 3 to 5 ounces per vehicle.

NFPA Code: Health - 2, Fire - 0, Reactivity - 0
