## Brite

### Ceramic Cleaner & Descaler

Nonfood Compounds  
Program Listed C1  
134766

---

**BRITE** is an excellent cleaner and descaler for ceramic and clay tile, sinks, tubs, metal fixtures, showers, meat hooks, etc.

**BENEFITS: BRITE** wipes away water spots, hard water residue and most stains quickly and easily. **BRITE** is safe on metal fixtures, will not harm most paint and is quite mild to hands. USDA authorized.

**RECOMMENDED FOR:** Bathrooms, porcelain, kitchen sinks, shower walls and floors, tile walls, all metal fixtures, toilet bowls, food processing equipment, metal hooks, water fountains, stainless steel equipment, etc.

**DIRECTIONS:** Dilute **BRITE** with 1 to 5 parts water or more. Wipe or spray on. Use full strength for heavy duty cleaning. For extra heavy dirt and stains, agitation with a fiber brush will speed penetration. Wipe or rinse off for a sparkling surface.

**NFPA Code:** Health - 2, Fire - 0, Reactivity - 0, Special - Alk.

- **Cleans & Shines**
- **Descales**
- **Removes Soap Scum**
- **Harmless to Most Surfaces**
